Subject: HB3317

Dear Chairman Franks,

Thank you for reaching out to me to express your concerns regarding HB3317. Upon review of the bill, I share your concerns and have deep reservations with the components you addressed with me. This afternoon I had the bill transferred to me and **I have no intention to move it through my committee.** As the Counties and Townships Committee works to develop an omnibus bill to address a variety of topics, we welcome any further input from you and members of the county board.

Please feel free to contact me with any additional questions or concerns.

Best regards,

Sam Yingling
